### **Our guaranteed quality:**

The artist who will be taking your picture and/or creating your photo charms has B.F.A. degrees in both photography and graphic design. She has a professional working knowledge of the processes and software involved in making your charms, ensuring the best possible results. There will be no distortion of your images, no matter what size charm you choose. Each original you provide will be individually examined for quality, no breakdown will occur from that original quality, and the photo may even be enhanced on the final product! As each piece is custom made, we offer a 30-day replacement guarantee. Should your charm become damaged due to normal wear within that time, simply notify us and send the charm back for replacement. Once received, the replacement will be made. We reserve the right to not replace the charm if it is determined it has been damaged due to unnatural means.

### **How to take care of your Italian Charms & Sterling Silver Jewelry:**

***Wipe metal with jeweler's cloth only.*** Our Italian charms are made of high quality stainless steel and imported from Italy. They will never tarnish or rust. Using state of the art technology, your photo is set into the charm and covered with cold enamel. Though the images are covered with this protective coating, we recommend that you remove your bracelet while showering or swimming and to keep it away from chemicals to ensure its integrity. Please note, some images in **sterling silver pieces** do not have a protective enamel over the top as they are enclosed in locket. Care should be taken not to get them wet.

### **Payment and Shipping:**

We accept cash, money orders, & PayPal for pick-up orders. ***Only money order or PayPal payment accepted for shipped merchandise.*** Please make money orders payable to EREMEN studio. Arrangements can be made for local pick-up. Shipping is \$8 for the first bracelet and \$5 for each additional piece.
